Dear Mr. Owen,

I have the honor to confirm that through Mr. Arouna Njoya, African Art Expert, the Embassy of the Republic of Cameroon to the United States of America appreciates your intention to make donation of "Solarbags" in favor of populations in Cameroon.

The Embassy is very interested by this product, which is a great opportunity to fight against water diseases in certain regions of the country notably the Northern part of Cameroon which has been devastated by cholera epidemic during the past few months. This project will help these populations to improve the quality of their life with pure drinking water.

In this regard and due to the importance of this project, the Embassy is hereby authorizing Mr. Njoya in partnership with your organization to take the necessary steps in order to make this donation to Cameroon populations who are in needs. The Embassy will also inform the competent authorities in Cameroon and will keep you informed.

In case you need any additional information, please feel free to contact Mr. Arouna Njoya.

Please accept the assurance of my perfect consideration./-

Sincerely,

  
Joseph Charles Bienvenu FOE-ATANGANA  
Ambassador
